

Chandler Hall Hospice

Chandler Hall's renowned Hospice Program has been a pioneer in hospice care since 1982. Our commitment to providing a caring and compassionate alternative for individuals and families facing terminal illness centers on the whole person and helps people live well until they die.

The Hospice Program offers in-patient hospice care in the Heacock Hospice Pavilion, as well as Hospice at Home. A team of licensed social workers, nurses, aides, counselors, volunteers and a physician provide a holistic care model, pain and symptom management, personal care assistance, counseling for both the individual and the family, spiritual support, end of life education, medication management and bereavement support.

The hospice staff values every person receiving hospice care and respects the individual's choices as well as the family's roles, values and belief systems. The staff communicates openly and honestly with each individual and their family and provides an atmosphere that promotes dignity, respect and freedom from pain.

For more information on the Hospice Program, please call (215)860-4000 ext. 1580.
